MEMORANDUM FOR: Acting Deputy Director for Support

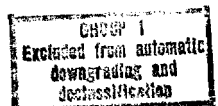

SUBJECT : Office of Personnel Report - Week Ending 24 April 1970

1. Cost-of-Living Increase: It has just been announced that the CPI for the month of March reached a level of 133.2. This represents a 3.5 increase over the base month figure of 128.7 and exceeds the 132.6 (3% increase) needed to trigger a cost-of-living adjustment. If the CPI remains at or above 132.6 in April and May but does not exceed 133.2, an automatic cost-of-living increase of 4.5 (3.5 + 1.0) will become effective on 1 August 1970 for present annuitants and those who retire by 31 July 1970. Any increase in the CPI above 133.2 would result in a further increase in the cost-of-living adjustment.

2. New Equipment in the Retirement Affairs Division: We have purchased two programmable electronic desk calculators and one automatic typewriter for the Retirement Affairs Division. These mechanical aids, particularly the programmable electronic calculators, are of tremendous value to us in terms of elimination of the heavy volume of time-consuming arithmetic calculations in computing annuity estimates which to date had to be computed by hand.

3. Allowances and Differentials: On 22 April 1970 the Chief, Contract Personnel Division attended a meeting at the Department of State called by Mr. Charles W. Brown, the Department's new Director, Allowances Staff. The purpose of the meeting was to give Mr. Brown an opportunity to meet liaison officers from other Government agencies and for all of us

to discuss matters of general interest in the area of allowances and differentials.

It appears that there are going to be some recommended changes to the standardized allowances and differentials in the foreseeable future.

4. Position Classification: While activity during the past week has been concerned primarily with reviewing submissions for all agency components covering reduction to 1971 ceiling, surveys are now in progress in the Office of Computer Services, the Office of Special Projects and the Office of Research and Development in the Science and Technology Directorate.
